

## BlueWave Strategies LLC Joins TRC Companies, Inc.

BlueWave Strategies is pleased to announce that effective March 17, 2010 we will officially become part of TRC Companies, Inc. (NYSE: TRR). TRC is a national consulting and engineering firm that provides a wide array of services in the environmental, energy, infrastructure and real estate markets.

BlueWave will focus on helping to develop TRC's highly successful and rapidly growing energy practice, where TRC's team of more than 600 energy professionals is advancing important clean energy and energy efficiency initiatives across the country. BlueWave will also support TRC's real estate practice, including the firm's numerous brownfields projects and cutting-edge "Exit Strategy Program."

The professionals at TRC enjoy a well-deserved reputation for integrity and excellence in the energy and environmental industries. We are proud to join their team, and look forward to bringing BlueWave's expertise and track record to bear on ensuring the firm's continued success.

John DeVillars and Elizabeth Carroll founded BlueWave Strategies in 2002 and, along with BlueWave Partners Stephanie Pollack and PJ Deschenes, have had the privilege of working with more than a dozen highly capable, best-in-class environmental and energy professionals who have been part of the BlueWave team. Together, we have served more than 50 clients in the public and private sectors who share our commitment to sustainable, environmentally conscious leadership. BlueWave looks forward to continuing that commitment to excellence in our work with our new colleagues at TRC.

BlueWave Capital LLC ([www.bluewave-capital.com](http://www.bluewave-capital.com)), the project development arm of BlueWave Strategies, will remain a separately owned and managed entity. BlueWave Capital is developing several clean energy and brownfields projects in New England, New York and the U.S. Virgin Islands and anticipates a close alliance with TRC as BlueWave expands its project portfolio.

BlueWave Capital's Managing Partner, John DeVillars, can be reached at TRC's Boston office.
